Marble + More and Ascona always harmonise as a duo. Here, the pair of series brings a special flair to the bathroom.

Marble + More was already colour-coordinated with the Ascona series during development.

Ascona variety: tiles in the formats 30 x 60 cm and 60 x 60 cm (here in the colour mud)

Stairs are a design gift for architects. With the Ascona stair tile in 135 cm width, the three-dimensional sculpture receives the necessary step safety.

Design attention to detail: the seating platform was edged with dark, rounded ceramic radial mouldings.
